## Biological Science Aid Job Announcement

### Description

The primary responsibility of this position is to assist in field implementation of resource management and science activities at Point Reyes National Seashore. Projects include assisting with monitoring of revegetation, restoration, gathering data on small mammals, reptiles and amphibians in the field, and cultural monitoring work. Most of the job will be performed outdoors with occasional duties in an office setting.

### Conditions of Employment

Employee will work approximately June 20-August 15, 2003

Two positions will be hired to work a minimum of 24-hours/ week

Salary: \$8.68/hour (GS-01)

Additional positions may be considered on a volunteer basis

### Who May Apply

These positions are hired under the Student Educational Employment Program which has the following requirements: applicant must be a United States Citizen and a student between the ages of 16-18, who will be returning to high school or entering college in September 2003

### Application Process

To apply for the Biological Science Aid position, please submit the following:

- ☐ Biological Science Aid Application
- ☐ Biological Science Aid Essay
- ☐ Resumé or federal application OF-612
- ☐ Work permit signed by parent (Not Applicable for those over 18 years old)
- ☐ Letter from school verifying enrollment (available from school counselor, on letterhead, stating that the student is in good standing and returning to high school or college after this summer position)

### **All Application Materials are Due MAY 9, 2003**

Mail application to: Christie Anastasia, National Park Service, Point Reyes National Seashore, Point Reyes, CA 94956
